# FOWARD

*Southwest Uganda where the ancient and modern meet*

*Every time I get an opportunity to take an intentional tour in this country, I am overwhelmed by its beauty. It is no mistake that Uganda is known as the Pearl of Africa because indeed we are unbelievably gifted by nature. These tours also leave me saddened that many Ugandans have such a beautiful country but never get to see or appreciate it.*

This is why this ministry is trying all means to promote Uganda's beauty to not just Ugandans but to the world at large. On my journey through the southwest, I discovered incredible history, legends, myths and cultures that are worth preserving for posterity and sharing with the world.

In this region, you will get to tread where the Bacwezi walked, revisit battle grounds that shaped our nations, hear tales of mighty warriors from their descendants, and see breathtaking landscapes that defy nature. There is so much richness in this land, from its uneven, hilly landscape with alternate elevations and depressions which the clever hand of creation has taken advantage of to give variety to groves, rivers and streams that aid and multiply the work of a genius creator. Surrounded by mountains, one travels on different elevations that keep widening to facilitate the union between the traveller and the road. Between vast expanses of greenery, are water bodies varying in size and shape that remind one of the existence of a higher power. This is a land straddling both tradition and modernity and it is proof that both can coexist beautifully and actually benefit from each other.

This tableau of traditional perfection is made more enchanting by the contemporary touches surrounding it; modern roads and a hub of modern commerce. These are views I wish every person could get excited about and find a way of benefiting from. There is so much to see and so much to learn here for any curious and inquisitive mind.

While there is always fear that urbanisation and modernisation would mar nature, a number of people have

**The Tourism Service Directory provides information to tourists about places to stay, eat, hangout, shop and also information on key services like tourism information centers, banks, forex exchange, transport, medical centers, tour operators, fuel stations among others.**

found innovative ways of preserving the integrity of these ancient treasures while still adapting them for the modern tourist. The ministry is committed to working with them to bolster their initiatives as long as they adhere to high standards of service delivery. We look forward to collaborating with all stakeholders to ensure the world gets to see and enjoy the beauty that Uganda is.

Pick your travel map and services directory and plan your once in a life time adventure!

**Tom R. Butime MP**  
MINISTER OF TOURISM  
WILDLIFE AND ANTIQUITIES

# COVID 19 SOPS

## HOW WE ARE EMBRACING THE NEW NORMAL AS A COUNTRY

### GENERAL HEALTH AND SAFETY PROTOCOLS

*The following measures that have been communicated by the Ministry of Health, Local Health Authorities and World Health Organization should be strictly adhered to all times:*

**S**ocial distancing measures together with frequent hand hygiene and respiratory etiquette are the main measures to prevent transmission of COVID-19. Although it is probable that guests are already familiar with these measures, they should be reminded as a form of hospitality.

#### Social Distancing

Social distancing includes refraining from hugging & shaking hands with guests as well as among fellow staff. It involves maintaining a distance of at least 2m (6 ft) and avoiding anyone who is coughing, sneezing or talking without a mask.

#### Hand Washing

Hand hygiene means regularly and

thoroughly cleaning hands with an alcohol-based hand rub or washing them with soap and water. Also avoid touching eyes, nose, and mouth. Hand disinfection is indicated after exchanging objects (money, credit cards) with guests.

#### Respiratory Hygiene

Respiratory etiquette means covering mouth and nose with bent elbow or tissue when coughing or sneezing. The used tissue should be disposed of immediately in a bin with a lid. Ensure that face masks are worn at all times while with guests.

#### Disinfection

All indoor areas such as entrance lobbies, corridors and staircases, escalators, elevators, security guard booths, office rooms, meeting rooms,

cafeteria should be mopped with a disinfectant (1% sodium hypochlorite or phenolic disinfectants). For metallic surfaces like door handles, security locks, keys etc. 70% alcohol based sanitizer can be used to wipe down surfaces where the use of bleach is not suitable.

### Health and Safety Communication

Communication should be maintained between Management and staff in charge of the different departments in order to pre-define an information policy for guests as well as to rapidly provide and obtain information on incidents that may arise in the establishment and to know the status of the situation at all times. Providing guidelines to the staff on how they should communicate the action plan to guests and other

stakeholders can ensure alignment consistency. Short documents or informative posters among guests and staff, including:

- Promoting of hand washing
  - Respiratory hygiene
  - Basic hygiene practices
  - Coughing etiquette
  - Contact information of key staff personnel
  - Emergency Telephone number
- Official leaflets on basic hygiene practice and COVID-19, in different languages, could be useful information tools.

It is useful to have an up-to-date list of the contact information of the staff, including emergency telephone numbers.

For more information visit [www.tourism.go.ug](http://www.tourism.go.ug)

# INTRODUCTION

## WELCOME TO THE LAND OF MILK AND HONEY

The south western part of Uganda is one of the most scenic regions in this immensely gifted country. The region is home to numerous clear lakes, thickly forested islands and misted mountains. From the picturesque cattle dotted green fields of Mbarara to the imposing mountains of Kabale this incredible area has something to satiate every curious traveller's appetites. The people are as diverse as their cultures but they are warm and hospitable. Although it looks like farmland covers much of the region, the south west is Uganda's top wildlife-watching destination and one of the best places in the world to spot primates. You can visit with the mountain gorillas on the steep slopes of Bwindi Impenetrable National Park ranges or go chimp trekking in Kibale Forest National Park, home to the greatest variety of primates on the planet. There are safari opportunities too, from famous tree-climbing lions that steal the show at Queen Elizabeth National Park, to its herds of giraffes, hippos and buffaloes. The land is also steeped in culture and the locals are only too glad to share with you their rich history and show you the sites where these legends come alive. The region is made up of many districts such as Bushenyi, Buwheju, Ibanda, Isingiro, Kabale, Kanungu, Kasese, Kazo, Kiruhura, Kisoro, Kitagwenda, Mbarara, Mitooma, Ntungamo, Rubanda, Rubirizi, Rukiga, Rukungiri, Rwampara and Sheema.

# THE PEOPLE AND THEIR LANGUAGES

*The people of southwest are warm and hospitable. They are generous with their time and are quick to share information. They are also less effusive than other tribes in Uganda but their behaviour is not an expression of impoliteness but it is because they place very little importance on titles, courtesy phrases, and appearance. They can be very assertive and brutally honest.*

**T**he westerners are among the most trusting and honest people in the world. Although you will experience their immediate confidence in you,

this should not be confused with naivety. They are quick to detect dishonesty which changes their dealings with you. Here, honouring your word inspires respect. They have a deep pride in who

they are as a people; they place a lot of importance on their traditions, beliefs and culture and are very rigid about any modifications. The region is largely Christian with a few pockets of Muslim settlements. They are however, a progressive people, open to new things and curious about other cultures. They are industrious, love engaging in commerce at varying levels and take pride in their hard-earned achievements.

This region is home to Bantu speakers and the language spoken is officially known as Runyakitara. This includes Runyankore, Rukiga, Rutooro and Runyoro but also bear in mind that it is rich in minority languages and dialects as well. For instance you will find Rukhonzozo and Rufumbira and in Ibanda Rutagwenda spoken in some parts of the region. English, Luganda and Swahili are also spoken especially in urban centres.

# LAKE BUNYONYI

## PHYSICAL FEATURES

Lake Bunyonyi loosely translated as 'Lake of many little birds' is located in south-western and is among Uganda's top 10 treasured tourist sites. At 44-900m, the lake is one of the deepest and most beautiful lake in Africa. It is dotted with numerous islands surrounded by terraced landscapes. It supports a rich typical lake culture of fishing, sports including swimming, diving and canoeing.

Lake Bunyonyi lies at an altitude of 1840m with surrounding hills up to 2,500 m. Essentially, a flooded valley system, extending northwards from Rwanda border over a distance of 25 kms through the contours of the steep hills that separate Kabale from Kisoro.

The lake's formation dates to 8000 million years ago, as a result of lava flow from one of the Virunga mountains which blocked off the Ndego river at present day Muko overflow 'Heisesero' to create a dam. The lake papyrus and reeds (180km<sup>2</sup>) forms unique wet land ecosystem, along incorporating the Ruvuma swamp and several other permanent marshes.

## ISLANDS

Lake Bunyonyi boasts of 29 islands including;

- **Punishment Island (Akampene)**  
Girls who became pregnant before marriage would be canoed to Akampene island where they would either starve to death or die while trying to swim ashore.

- **Sharp's Island I (Njuyeera) now Bwama**

In the 1920s a missionary named Dr. Leonard Sharp set up a leprosy hospital along with an Anglican Church. It was a place where people with leprosy were isolated from their local communities. Today, it is a school that serves children in the surrounding communities.

- **Njuyeera**

A small island where Dr. Sharp built a white cottage (Njuyeera) that had a tennis court, boat house, guest cottage, windmill and gardens with lemon and guava trees, canna and flame lilies.

## HAMUGANDA BLACK SMITHS IRON SMELTING

Large deposits of iron ore exist in south-western (Kisoro-Kabale) consisting of an iron-rich hematite high grade with few deleterious impurities. Although todate the deposits lay unexploited at large scale there are small holder black smith activities evident in surrounding villages specifically Bukora home of Bahesi clan-Iron smelters specializing in making knives, spears, pangas sickles and hoes.

## FISH CRABS

Lake Bunyonyi's depth and stratification makes it difficult for the breeding of the common fish species in Uganda such as Nile Perch and Tilapia. Instead it has mud fish, and crab fish a delicacy for tourists.

## BIRDS

There are over 200 bird species around Lake Bunyonyi and these include;- White tailed Blue Monard, African Harrier Hawk, Grey crowned cranes, Herons, Egrets, the Cardinal woodpecker, the Levillant cuckoo, Sender-billed baglafetch, Weavers and many more.

## DUGOUT CANOE SAFARI

While paddling or being paddled on Lake Bunyonyi you do not have to worry about hippos and crocodiles as they do not exist on this pristine and scenic lake. Everything travels by dugout canoes to the islands, including people and produce.

## CAVES

Take nature walks both on the Islands and around the lake to view scenic sites including caves. Walking to the caves is not strenuous and can be taken at slow pace.

## CHURCHES

The lake is surrounded by many worship centres including many Anglican Church of Uganda churches, Roman Catholic, Pentecostal and few mosques .  
9. Schools and Health centers  
Alongside places of worships, there are several primary schools, very few secondary schools and a handful of technical institutes as well as few health centres.

## MARKET DAY

A local market takes place every Friday and Monday at Harutindo landing site offering great opportunities for purchasing fresh foods, handmade goods and other merchandise popular in the area.

## FOG

The lake Bunyonyi fog is a beautiful feature made up from condensed water drops which are the result of the air being cooled to the point where it can no longer hold all of the water vapor.

## RESEARCH

Adjacent to the lake is the Kachwekano Zonal Agricultural Research and Development Institute one of the 14 institutes of the National Agricultural Research and Organisation (NARO) focusing on research and development programmes aimed at increasing agricultural production in the southwestern highland agro-ecological zone specifically Irish potatoes, wheat and temperate fruits such as apples and pears.

## ROUTES

The shortest distance to the lake is through Kabale Town which is seven kilometres along a graded murrum road through Kiyooro past Kacwekano. Two other routes include using the tarmac road to Kisoro hitting the lake at Heisesero or using the tarmac road to Katuna Border town turning south on the murrum road through Rubaya/Rukole then Kitoma. The lake is surrounded by a net work of paths and motorable road all round either on the top of ridges or along the shores.

## THE FOOD MARKET

*You will find these on the way to buy food while returning from your trip.*

## SHORT FEATURES

## CULTURE HERITAGE OF THIS AREA

## LAKE NYABIHOKO

**K**ajara is one of those regions that seem to embrace both the traditional and modern life effortlessly. The district's towns teeming with people occupied by modern life activities give way to the perfectly preserved nature of vast green hills and valleys where

springs and brooks run. But the most popular of these attractions is Lake Nyabihoko whose formation is linked to an ancient legend. Apparently, the lake now exists on what used to be a homestead belonging to a man known as Mutuumo. Legend has it that Mutuumo had lost almost all

his cattle in the floods but one of the few remaining ones named Kajeru, produced and its off springs produced more and Mutuumo's herd increased again. One time, the cow made Mutuumo promise to never eat it in the event of its death. Unfortunately the cow died while Muutomo had gone on trade errands. Although he had told his wife about this pact, she did not take it seriously so she ordered her servants to slaughter the cow and the family ate it. Shortly after the incident, as the family slept it was swallowed by water and the homestead became a lake. On his return, when Mutuumo saw the lake, he knew that all his cattle, his wife, children and servants had perished. Out of sorrow, he drowned himself in the water. To get to this serene and clear lake, one branches off at Katinda town on Ntungamo-Kabale road and travels 15 kilometres further. The alternative route is Ntungamo-Rukungiri road, branching off at Rwashamaire trading centre and travel 26 kilometres ahead. The lake is surrounded by gentle slopping hills

and is a tourism destination for local and foreign tourists, as well as holiday makers. There are services and activities such as birds watching, camping, bars and restaurants, lodging, and games like pool and Volley ball. There is a lot of fishing, with over 40 fishing boats moving on the lake. Mutuumo Island Resort can be reached by boat from the bay. On the eastern side of the lake, is Pelican Resort Beach which offers bar and restaurant services, lodging, and other facilities such as sauna and steam bath.

The local population is mainly made up of the gentle Bahima who only use the lake for drawing water used for household chores and for feeding livestock. The majority of Bahima do not eat fish because of the myth that a lake swallowed one of their own and they cannot marry Bairu because a Mwiru woman led to the death of their own. No matter how it came to be, Lake Nyabihoko is a sight for nature lovers and anyone interested in a little bit of Uganda's rich culture.

## THE LONGHORNED ANKOLE CATTLE

In the southwest, cattle have always been considered a symbol of wealth. Nowhere else in this part of the country is the love and pride for cattle more exhibited than in Kiruhura District. Blessed with a temperate climate with plenty of rain, a flat landscape and fertile soils, Kiruhura has ideal conditions for pastoral farming. Here, small farms coexist with big time ranchers. Relying on both traditional

and modern methods of farming these farms and ranches produce cattle for meat and dairy products. Vast expanses of land as far as the eye can see are dotted with various breeds of cattle serenely grazing watched over by herdsman who divide their attention between the radio playing on their mobile phones and their animals. It is a calming and impressive sight to behold.

H.E President Yoweri Kaguta Museveni and the First Lady Janet Museveni with their herd of Ankole long horned cattle.

## ROYALS AND ROYALTY

Mbarara is the traditional administration seat of the Ankole kingdom. A few minutes' drive from the city centre will take you to the Mugaba Palace in Kamukuzi currently under renovation. When the kingdoms fell back in 1967, the palace was taken over by the government forces who looted and plundered it. Most of the royal possessions fell into the hands of looters that had no reverence for them since they lacked sentimental attachment to the kingdom. The few things which were rescued were taken to Uganda Museum and will hopefully be returned once the palace is restored. Unlike other kingdoms in Uganda,

Ankole's cultural leadership was never restored and without the funds to maintain the palace, it fell into disrepair. Currently the Government of Uganda under the Ministry of Tourism Wildlife and Antiquities is renovating the Magaba palace and turning it into a center of heritage. The magnificent double storeyed palace offers views of most of Mbarara City. In Nkokonjeru which is a few kilometres from the palace is the burial site of the kings and the royal family known as Egashani. Inside the royal mausoleum, lie the kings while outside are princes on one side and the princesses on the other. The site is lovingly and immaculately kept.

## KAREGYEYA ROCKS

Ntungamo, is a scenic land of terraced lush green hills, valleys and one of a kind rock formations. One of the more popular ones is known as Karegyeya rock. Found just three kilometers outside Ntungamo Town within Karegyeya Village, Kinoni Parish

and Ntungamo sub-county on the road leading Rukungiri, this rock has baffled and amused onlookers for centuries. The rock gets its name from the two hanging rocks on its face that resemble handlebar moustache which are locally known as oburegyeya.

## NYAMUKANA AND KISHURO HILLS

From the main road, the hills offer a picturesque view of imposing nature and efforts of generations of its inhabitants to tame it. While the hills are beautiful sights to behold they are likely to be less welcoming for the majority inhabitants who survive on agriculture. Yet we see the bountiful results of their

efforts that have resulted in farmers' markets dotted along the main road. This well-preserved land with its stony paths winding through the lush green valleys to the perfectly maintained plantations is a haven for those longing to experience a tranquil pace of life alongside nature at its most imposing and most rewarding.

## KITAGATA HOTSPRINGS

Found in Sheema District, the hot springs give the area its name of Kitagata. Along with Kyangyenyi hills which are said to be inhabited by the Bacwezi, the hot springs are the biggest attraction in this district. It is found approximately two kilometres by road, southeast of the town of Kitagata, one of the urban centers in the district. This place is a demonstration of desperation, defiance and hopefulness of the human spirit. Because the springs are said to have curative powers, they attract people from all walks of life seeking healing. The hot spring has two hot springs adjacent to each other. One of the springs was used by the former Omugabe (King of Ankole) known as Ekyomugabe. The other spring is

named after Uganda's largest National Referral Hospital, Mulago. It is said to have healing powers. The water in the springs warms up to 80 °C (176 °F). The hot springs are highly visited by the local because of the healing powers. Half-dressed people immerse themselves in the springs without any kind of self-consciousness. Although to a casual onlooker the bathers look disorganised, an administrator at the springs explains that they are separated by gender; women on one side and men on the other. Separated by rocks is a smaller spring that flows ceaselessly where people get the hottest water which they drink and even take home with them when they leave.

## ISINGIRO

This area has great significance to the region's political history. As the name connotes, it is the place where the kings of Ankole won many battles. It is said that because of the protective ring of mountains that stretch from Kyazanga (Lwengo District) to the Kikagati boarder, the kings often drove their enemies to this land and annihilated them. Therefore they named the region Isingiro, which is

loosely translated as the place from where we triumph. It is also the place where Ankole made a blood pact with Britain. A short drive from Mbarara City will take you to the monument which is right by the roadside where the two parties swore friendship represented by Prince Buchunku on behalf of Omugabe Ntare and Henry Morton Stanley on behalf of King George V of England.

## ANKOLE DEMONSTRATION ZOO

Ankole Demonstration Zoo was launched in December 2020. The zoo is found in Nshungyezi Village, Rwakishakizi Ward, Nyakayojo Division in Mbarara City. Ceophas Kabegambire, the man behind this initiative said he was inspired by his love for the wildlife and the need to give the people of western Uganda an opportunity to see a variety of animals in one place. Ankole Demonstration Zoo is recognised by Uganda Wildlife Conservation Education Centre as an agency for wildlife conservation education in Western Uganda. In addition to conserving

wildlife, Kabegambire says the zoo will create jobs for the local population. So far, the zoo has a few donkeys, doves, rabbits, ducks and guinea fowls among others as it waits for Uganda wildlife Conservation Education Centre and Uganda Wild Life Authority finalises the relocation and allocation of other species. The centre also offers other services including children's play area, nature walks, bird watching, traditional activities such as cattle watering and milking, bar and restaurant, camping and children's holiday retreat programmes, reservations and air ticketing, among others.

# TOURIST SITES IN SOUTH AND SOUTH WESTERN UGANDA

## ON THE WAY TO MASAKA

### MPAMBIRE DRUM MAKERS

Located along Kampala- Masaka Road, Mpambire Village is famous for its authentic and original traditional drums experience. The village has various shops selling drums in different shapes, sizes and colors. Visitors can also engage in the drum making process and participate in the music drumming experience. Above all don't miss to buying souvenirs to take back home.

### Activities

Drum making process  
Drumming  
Guators Stop over  
Located in Jalia city Buyaya along Kampala-Masaka highway, just 2 kilometers to the equator,

### GAUTORS CAFÉ

is ideal stop over point for a health convinient break in a decent and fantastic environment on your way to Lake Mburo, Queen Elizabeth and Bwindi Impenetrable Forest National Parks.

### MPANGA CENTRAL FOREST RESERVE

The forest is habitant to variety of tree species, red tailed monkeys, birds, butterflies. The forest is found in Mpigi district approximately 37km from Kampala and 1 km from the main road

Telephone Number:  
+256 410 257 430

### Activities

Bird watching  
Nature walks  
Butterfly identification

### KIBUKUTA SWAMP

The swamp offers a scenic view of the papyrus plants with variety of bird species however it is commonly known for the shoe bill. Hence this is a perfect spot to observe them.

### Activities

Bird watching

### EQUATOR

The equator point at Kayabwe is the best point in Uganda to explore the equator. It is located, in Mpigi District, 72 km along the Kampala Masaka highway. Prominent on the site are the two equator monuments; one on either side of the highway and the equator water bucket experiment are the key attractions on the site. a yellow line that runs across the road to the monument as a representation of the imaginary line. It is an incredible experience at the equator

### Activities

Photography  
Sight seeing  
Water and bucket experiment  
Art and craft buying

### LWERA SWAMPS

Lwera Swamp is a major catchment area of various rivers in Masaka, Mpigi and Gomba and it pours its water into Lake Victoria. Visitors make a stop and buy fresh fish from the various fish stalls and vendors alongside the road like tilapia, Nile perch, and Lung fish.

### LUKAYA ROAD TOLL MARKET

This is a popular stopover for refreshments for travelers with vendors selling snacks, roasted beef, goat, chicken and plantain (gonja)

### ENYENYEBWA CULTURAL CENTRE

The centre offers a full experience of the traditional Ankole culture. Visitors is taken through a practical demonstration of milk processes

and other practices in the traditional demonstration house. They can also spend time in the field with the Ankole long horned herds.

**Activities**

Cultural experience  
Milking, grazing and water cows  
Ghee and yoghurt making processes

**LAKE MBURO NATIONAL PARK**

The park is habitant to wildlife species not often seen in other Uganda parks, such as impala, zebra, eland and topi. Covering 370sq km, Lake Mburo National Park is the Country's smallest Park. It lies between the towns of Masaka and Mbarara. For more information: Uganda Wildlife Authority Plot 7 Kira Road, Kamwokya P.O. Box 3530 Kampala, Uganda. Telephone Number: +256(0)414355000, +256312355000  
Fax:+256(0)414346291  
info@ugandawildlife.org  
Website: www.ugandawildlife.org

**Activities**

game drives  
Night drives  
View points  
boat cruise  
Salt lick walk  
Horseback safaris  
Village visits  
Mountain biking  
Birding

**ON THE WAY TO MBARARA**

**IGONGO CULTURAL CENTRE**

It is located along Masaka –Mbarara road, it is perfect stopover for travelers to refresh since it also has a hotel, restaurant (with both continental and local cuisines), bar, gardens and other recreational facilities. During your stay at the Centre, visitors can have guided tours around the museum.  
+256(0)392-722828  
+256(0)39-2-722829  
www.igongo.co.ug.

**Activities**

Guided tour in the museum  
Craft shop and bookshop  
Cultural village tour  
Hill climbing  
Adventure fishing  
Visiting Ankole Cow farms  
Traditional Alcohol brewing  
Game hunting (pre-arranged with Uganda Wildlife Authority)

**BIHARWE SOLAR ECLIPSE**

The Biharwe monument in Mbarara is erected on Biharwe Hill in commemoration of the 1520 AD Eclipse of Biharwe Eclipse. At the site, there are three pillars of this monument representing the three kings who were contemporaries at the time, namely Nakibinge of Buganda, Olimi I Rwitamahanga of Bunyoro, and Ntare I Nyabugarobwera of Nkole. Olimi I Rwitamahanga Kalimbi Rukidi was the 5th Omukama (King) of the Babito dynasty and

the most martial ruler of Bunyoro of the 16th century. He invaded Buganda, Nkole, Mpororo and Rwanda and plundered cattle from those kingdoms. Nkole lost most of its cattle herds due to these constant raids and suffered severe famine called Eijuga Nyonza where wild berries were used as dowry for brides.

It was on Olimi's return journey after raiding cattle from Rwanda and Mpororo that an eclipse appeared when the raiders had reached Biharwe. The eclipse generated fear and superstition, forcing the King and his warriors to flee in disarray, leaving all cattle behind.

According to the legend, the cows that were abandoned at Biharwe were named by people "Empenda ya Munoni" and "Enduga Mwiguru" (cows that came from heaven). After that incident, the people of Nkole were able to own cattle again. Telephone Number: +256414258914 Email: reservations@igongo.co.ug Website: www.igongo.co.ug

**Activities**

Hiking  
Camping  
Sight seeing  
Story telling

**NSHENYI CULTURAL VILLAGE**

Located in Ntungamo district, Kitwe town about 6 km from Miramar hill. At the cultural village

one will have full experience of Ankole cultural traditions, one is able to experience the typical life of traditional Ankole pastoralists and farmers. Website:www.nshenyi.com

### Activities

Milking (preservation, fermentation)  
nature walks  
bird watching  
beer brewing  
banana plantation tours

## ON THE WAY TO KABALE

### NYAMUKAMA PINEAPPLE FARM

Located along Kabale- Kisoro road, one can indulge into a pineapple tour with the family, group of friends and also appreciate the production of pineapples. A guided tour will be conducted to enable the visitors know the stages involved from planting to harvesting so as one gets a wholesome experience. One can also buy the pineapples to enjoy as you proceed to your destination.

### Activities

Guided tour around the pineapple farm

### KISIIZI FALLS

The Kisiizi Falls are located in Kisiizi Parish in Nyarushage Sub County in Rukungiri District of

Western Uganda. The falls drop approximately 30 meters off a cliff at Kisiizi on the Rushoma River that snakes its way to Lake Edward. Historically the Falls are known as a tragic place where unmarried pregnant Bakiga girls were thrown to their deaths.

### Activities

Bird watching, famous for bird life including endemic species like Ross Turaco, Double Toothed barber and the cinnamon Bee eater. Scenery, it is famous for a beautiful scenic environment trekking activities to the top of the falls Canoeing.

### NDEIJA ROADSIDE MARKET

The market offers variety of fresh and organic fruits, vegetables and other food stuffs. It is a popular stop over for travelers using Mbarara – Kabale highway.

### THE FOOD STATION

The food station is located 10kms from Kabale town, along Kabale-Kisoro highway. It offers variety of snacks and food stuffs.

Tel: 0707770770, +256753988

### GREAT LAKES MUSEUM

Located along Kabale- Kisoro highway, it is a perfect stopover for a Kigezi cultural experience. Beautiful large outdoor sculptures will catch your eyesight as you proceed to a guided tour for the indoor exhibit of the artifacts to demonstrate the way of living of the Kigezi people. ### Activities

Story telling  
Guided tour in the museum  
Kabale

### KABALE MUSEUM

The museum is versed with cultural artifacts as well as the

history of kigezi .Located around Kabale town Centre at the turning Junction to Lake Bunyonyi

### LAKE BUNYONYI

This is Africa's second deepest lake with up to a maximum depth of 900m approximately 2953 feet. Bunyonyi in native language means small birds and harbors up to 200 bird species including egrets, grey crowned cranes among others.

A home to over 29 unique islands which include; Bushara Island, Akampene Island (Punishment Island), Kahugye Island, Bwama and Njuyerera, among others Akampene Island (Punishment Island).

### Activities

bird watching  
boat cruise  
canoeing  
swimming  
hikes  
nature walks  
zip lining  
hiking the highlands  
Batwa experience

## SUPREME ADVENTURE PARK

The park has variety of activities to enrich an adventurous tourist experience during their stay at Lake Bunyonyi email: info@supremeadventurepark.com Tel: +256772423215, +256 7851831919, 0705183191 Website: http://www.supremeadventurepark.com

### Activities

High rope course  
Canoeing  
Zip lining  
Bird watching

## BUNYONYI APPLE FARM STAY

The facility has a fascinating panoramic view of Lake Bunyonyi and the terraced hills, introduces one to an eco-friendly spot around Lake Bunyonyi where an artistic mind has crafted stone work local

construction materials into an aesthetic structure.

Visitors have an opportunity to participate in the farming programmes, and a menu that prepares organic foods and juices on the farm. www.bunyonyiapplefarmstay.com

### Activities

Nature walks  
Boat cruise  
Canoeing  
Apple farming processes

## ECHUYA FOREST RESERVE

Located 15km from Kisoro town Echuya forest (Bamboo forest) was a home for Batwa (pygmies) for so many years and it used be source of their food, firewood. 20% of the forest is in Bufumbira County Kisoro district and the remaining 80% is in Rubanda county Rubanda district.

Cultural walks around the lake to experience lifestyle of the local community.

## CHAMELEON HILL

Chameleon Hill is located on a high level above Lake Mutanda, neighboring Bwindi, and Mgahinga National Parks with a spectacular backdrop of the Volcanoes of the Virunga Mountain Ranges in the distance. The hill is named after the chameleons that inhabit the area around Lake Mutanda. The area has a colorful lodge called Chameleon Hill Lodge built on it, overlooking Lake Mutanda and great views of lush green Islands, and breathtaking hilly views

### Activities

Hikes,  
Bird watching,  
Water activities like spot fishing  
(tourist are advised to come with their own fishing gear)

## KISORO

### LAKE MUTANDA

This picturesque fresh water lake is located in the mountainous landscape north of Kisoro in nearby Bwindi Impenetrable Forest. The lake has 15 islands that are barely touched. The biggest island, named after the lake, is Mutanda Island which is inhabited by a local community of the "Abagesera" clan. They have grown crops on the island, peas, bananas, and sugar canes; the other portion of this island is covered by trees and shrubs. From the lake you can get views of the Virunga volcanoes and papyrus swamp.

### MUTANDA ECO COMMUNITY CENTER

Mutanda Eco Community Centre is located 6 kilometres south from Kisoro town, it is an eco-tourism lodge being developed by MCDO in partnership with MbiriMbiri Foundation at south shores of Lake Mutanda. The camp offers accommodation in two cottages and a camping site.

### Activities

Canoeing,  
Bird watching of Pin-tailed

## PYTHON ISLAND

located in Lake Mutanda is home to pythons; however the pythons are currently rarely seen.

### MUMMIFICATION CAVE ISLAND

The Island is called 'Ichangushu', the main burial place of the Bahinza. The bodies are mummified and preserved in bull-hides, never to decompose. It is believed that, these traditional rulers played many roles in society like, giving blessing like birth and managing spells i.e drought, magic in fighting and hunting weapons

Whydah, Great Cormorant, Pied & Malachite Kingfisher, & sunbirds. Snake visit, Swimming, Medicinal plants and a number of biodiversity identification. Mutanda Eco Community Centre services as the transport center to the islands by canoes  
Islands on Lake Mutanda

### PUNISHMENT ISLAND

located in Lake Mutanda are two Punishment Island. Used to punish criminals & misfits in the society included unmarried pregnant

women, the elderly with no care, thieves, and unwanted people from the region. These would be tied & taken to the island and left to die where they would be abandoned. The islands are called "akarwa k'ababi" ("Punishment in Rukiga"). They would either starve to death or drown trying to swim to the mainland. However, the unmarried pregnant women would be often saved by poor men or slaves who could not afford the regular bride price and did not mind the stigma by marrying them. The practice was abandoned in the 1940s, due to the influence of missionaries.

### CHUHO RIVER

Located in Kisoro has six springlets that deliver water to a basin-like depression from where a small river flows northwards towards Lake Mutanda. It is the only viable source of water supply to the 151,679 inhabitants of the Kisoro Town Council and the surrounding nine rural parishes in Kisoro District

### KIGEZI MUSEUM

Sometimes known as Home of Kigezi is a community-run museum of living culture and natural history of the banyakigezi people of South Western Uganda. Located at Nyiragakoro-Nyakabande along Kabale Kisoro road, 5km before Kisoro town, it is suited in dense natural environment of vegetation with houses that house

the museum and outside area demonstrating the lifestyle of the Banyakigezi people.

## LAKE CHAHAFI

Like other smaller crater lakes in Kisoro, Lake Chahafi is one of the several crater lakes down in South Western Uganda in Kisoro District with breathtaking scenic view. Lake Chahafi is about just 20km from Mountain Muhavura, Mgahinga and Sabinyo and less than 20km from the Mgahinga gorilla sanctuary. At the lake's shore are crowds of crested cranes, forest vegetation, hillside gardens, oddly-shaped ridges and gorges. Lake Chahafi is ranked by Kigezi tour operators as one of the places with the largest population as well as diversity of birds in

south western Uganda. Among the bird species that can be seen at Lake Chahafi and rare anywhere else are the Lesser Jacana, the African Jacana, the Brack Crake, the Blue-headed Coucal, the Common Moorhen, swamp flycatchers, swamp warblers, and two rare species, the Common Moorhen and the Malekite Kingfisher. At Lake Chahafi is a resort on its shores which is ideal for those wishing to go tracking Gorilla or mountain-hiking.

## Activities

- Fishing

- Hiking Virunga Mountains
- The Batwa Trail
- Bird watching
- Canoeing
- Sport Fishing
- Guided Nature Trails
- Culture Trail
- Swimming
- Motorized canoe rides

## BATWA LIVING MUSEUM

(Uganda's only living museum for the endangered Batwa). Visitors are able to experience the Batwa culture experienced first-hand in one place. The museum was built with support from City of Vienna via ADRA Austria. ADRA Uganda established the Batwa living museum with the aim of attracting students, foreign and local tourists to sensitize them on the Batwa society and culture with the purpose of preserving their way of

life. The site offers Batwa cultural experience through music, dance, drama and art crafts. The facility also houses a craft shop for Batwa trademark materials.

## Activities

- Cultural history
- Research
- Nature walks
- Arts and craft
- Music, dance and drama
- Building and architecture
- Culinary and history
- Linguistics

## CHURCHILL VIEW POINT

Located at Kanaaba hill in Echuya roughly 7 kilometers from Kisoro District. The strategic location of Churchill's viewpoint at the top of Kanaaba hill offers specular views of Kigezi hills, local communities, twin lakes of Kayumba and Chahafi, Lake Gihondo, Lake Bulera, Echuya Forest, Lake Mutanda and the Virunga volcanoes in Uganda, Rwanda, and Congo. It's said to be at this point that Sir Winston Church Hill declared Uganda as the "Pearl of Africa" owed to the breath taking scenery he saw

beneath him. The temperature at Churchill's viewpoint is 360 degrees on a clear day.

Kanaba gap – A sharp hairpin bend on the way climbing up into the sub county of Kanabain Kisoro, with beautiful scenery for photo opportunities.

## KIGEZI MONUMENT

Located a few kilometers north east of kisoro. The site is said to be the first headquarters of greater kigezi, the place where Kigezi was proclaimed, after the boundary settlement between the Germans, Belgians and British in 1911. It is also the site where negotiations to end World War 1 were held and signed between the French and the British. At this same site is the place where the late President Iddi Amin's military detachment in Kisoro was located.

## ON WAY TO KANUNGU

### KAYONZA GROWERS TEA FACTORY

Located in Kanungu District, Butogota Town Council, the factory is owned by 5617 small scale shareholders where shares are acquired through monthly deductions from their pay for green leaf delivered to the factory. The factory proclaims that they Produce and Market the Best Quality Tea in Uganda.

### KIBWETERE SITE

Located in Kanungu is a site that features the only remaining wall of the burnt house and mass grave of Joseph Kibwetere's followers. Joseph Kibwetere was one of

the leaders of the Movement for the Restoration of the Ten Commandments of God, a group that splintered from the Roman Catholic Church. In 2000, the cult leader Joseph Kibwetere masterminded a mass suicide of the cult members, who were convinced about going to heaven through fire but later it was established that he had planned and executed the plan to kill his followers through the fire. Makiro Hill Catholic Church – is the oldest Catholic Church in Kanungu that has contributed a lot to the education of the children in the district.

### NGOTO PROTESTANT CHURCH SITE

Is the oldest Protestant Church in Kanungu that has opened its doors to tourism. They have included accommodation and nature walks near the Bwindi National Park in Kitaro.

### FARMERS LOUNGE

The lounge operates a farm called Bwanga Farm that has the following animals and birds' fish, ducks, chicken, pigs, goats and zero grazing cattle. Visitors can take a tour of the farm where they learn different maintenance activities and participate in the daily up keep of the animals. Farmers Lounge provides accommodation facilities for tourists.

## ON WAY TO ISHASHA

### RUHIJA

Ruhija Community Walk with Batwa is a local Batwa Community group that also operates an orphanage and women community group. The community has around 18 Batwa who have built a place where they show how they used to live in the forest. At the site you experience traditional dances, huts, fire making and hunting technique.

### BUHOMA

#### RIDE 4 A WOMAN COMMUNITY CENTER

Ride 4 a Woman is a charitable organisation that supports women struggling with poverty, HIV and domestic violence. It empowers women in Buhoma, Bwindi. Ride 4 a Woman was set up in 2009 with the goal of empowering the women with social and economic skills. The center has a shop where

women are employed and trained to pedal sew a broad range of fabric products which are sold.

#### ACTIVITIES

Learning to Weave  
Cooking Traditional Dishes  
Pedal Sewing

### BEE AND FISH EAST AFRICAN PRODUCES INNOVATION PROGRAMME

Located in Buhoma, just outside the Bwindi National Park, provides agro tourism for Bee keeping and fish farming. Visitors can take an educative tour of the bee keeping hives and fish farming pounds.

#### Activities

Bee keeping tours  
Fish pond tour

### CONSERVATION THROUGH PUBLIC HEALTH

By Dr. Gladys Kalema Zikusoka located in Buhoma-Bwindi, promotes biodiversity conservation by enabling people, gorillas and livestock to coexist through improving their health and livelihoods. Conservation through Public Health hosts volunteers,

interns, and researchers at a fee throughout the year. Who choose to work at the Gorilla Health and Community Centre, where they analyze fecal samples from gorillas, livestock, and people to learn more about the disease vectors that harm sensitive gorilla populations. The project has a variety of ongoing projects for volunteers, interns, and researchers.

### BWINDI REFORMED POACHER PROJECT

Located in Buhoma-Bwindi, is an established tourism attraction site, which engages reformed poacher to carry out daily work rotation to inform tourists, researchers and interns about poaching activities for them to understand their experience. And this gives direct support to the reformed poachers in order for them to earn a living while improving their household's income.

### QUEEN ELIZABETH NATIONAL PARK

Ishasha sector found at the southern sector of the park is famously known for the tree climbing lions.

### Activities

One expects to see buffaloes, hippos, elephants, topis and many more animals during the game drive. Nature walks and bird watching in search of the Narina Trogon and Black Bee eaters, two of the rarer bird species in the area.

Boat cruise on the Kazinga Channel. The cruise lasts two hours and runs three or four times a day. This gives the visitor the chance to cruise just meters from hundreds of enormous hippos and buffalos while elephants linger on the shoreline. An average of 60 bird species can be spotted during the trip Birding in Queen Elizabeth, Classified as an Important Birding Area (IBA) by Birding International, Queen Elizabeth National Park has a great variety of habitats of over 600 bird species.

See the energetic dances of the Kikorongo Equator Cultural Performers observe workers harvesting salt on Katwe Salt Lake, a traditional Banyaraguru hut or an agricultural village.

The Kasenyi Plains game drives offer sights of resident herds of Uganda Kob, leopards and hyaenas among others.

### KYAMBURA GORGE

Track chimpanzees in their natural environment. Also get the opportunity to learn about the ecosystems of Kyambura Gorge's

atmospheric "underground" rainforest, including vegetation types, bird identification and behavior and chimp and monkey ecology.

Although chimp sightings are not guaranteed, visitors stand a pretty good chance of hearing and seeing them habituated. Tours last between one and three hours and start at 8am and 2pm daily.

Wildlife Research Tours in Queen Elizabeth are available for visitors who yearn to get up close to African wild life and fauna.

This new and unique experience allows visitors to actively participate in monitoring some of the exotic birds and mammals that fill the park, using locator devices and learn habituation calls, as well as monitoring weather, surroundings and behavior.

### CAVES IN QUEEN ELIZABETH

Tucked beneath the shady canopy of the Maramagambo Forest is the Bat Cave. The cave has a viewing room from which visitors can observe the resident bats and pythons. For a more cultural cave experience, visitors can go to the historic cave at Nyanz'ibiri community.

### QUEEN'S PAVILION TELECENTER AND VISITOR INFORMATION CENTER

Conservation Through Public Health (CTPH) operates the Queen's Pavilion, a Telecenter and Visitor Information Center, located near Crater Lake Drive in Queen Elizabeth National Park. It was opened in November 2007

by HRH Prince Philip, the Duke of Edinburgh, and is managed and staffed by local residents.

Facilities include reasonably priced, high-speed Internet connection, snacks, coffee and tea, sourced from local growers.

Maps of Queen Elizabeth National Park and surrounding areas and other national parks, and guidebooks.

Gift shop with handcrafts from surrounding communities.

### CARTER LAKE EXPLORATION

Due to its location in the western arm of the East African Rift Valley, Rubirizi is endowed with 56 craters of which 32 are crater lakes, with 20 craters in Bunyaruguru in the Kichwamba escarpment of the Western Rift Valley on the border of Queen Elizabeth National Park. Has three major concentrations; Katwe Explosion Craters found in Queen Elizabeth National Park, Bunyaruguru Crater Field on the Kichwamba escarpment and Ndali-Kasenda Crater Field close to Kibale National Park. The Katwe Explosion Craters called Kyemengo Crater are the most attractive.

### EQUATOR CROSSING

A popular Landmark in Queen Elizabeth National Park is the Equator crossing, in the northern sector of the park near Kasenyi at Kikorongo. The Equator crossing is marked with a circular monument on either side of the road, popular for photographic moments.

### MARAMAGAMBO FOREST

Found in the district of Bushenyi this forest is one of the largest forests in East Africa. The forest starts from an escapement in Kichwamba all the way to Lake Edward. The name Maramagambo originates from a story about a group of young people who got lost in the forest for several days. By the time they found their way back to the village, they had grown so worn out and traumatized that that they couldn't speak for long. Thus Maramagambo therefore refers to something that causes speechlessness. The forest is home to chimpanzees, elephants, bush pigs, pythons, bats and the rare Bates's pygmy and antelopes.

### RIVER RWIZI

Rwizi River originates from Buhweju hills with various tributaries from various Nkore hills including Ntungamo and Sheema hills. It pours its water in Lake Victoria via the drainage systems of Lake Mburo, Lake Kachera and Kijanebalola. River Rwizi is the source of water for domestic and industrial use to the Mbarara town

and neighboring towns of Bwizibwera, Sanga and Biharwe. Recently the river is drying out, it is said to be due to climate changes.

## BUSHENYI DISTRICT

### ANKOLE TEA ESTATE

Operated by Mcleod Russel Uganda Ltd, the Estate covers an Area of 573 hectares and in 2019 produced estimated crop of 1,800,000kgs by the Tea Estate and 3,388,000kgs by outgrowers. Since it is on the main road and has scenic views many tourist stop for photo opportunities. They have some wildlife in their fields of Baboons and Monkeys.

### RUKARARWE PARTNERSHIP

Rukararwe Partnership operates many projects with the rural communities aiming at the sustainable improvement of their livelihoods and environment. These include tree planting activities, earth bricks buildings of unburned bricks, promotion and combination of traditional medicine with modern medicine and counseling, women and youth projects, supporting an orphanage, agricultural seminars, rearing of zero-grazing cows and many more.

### Activities

Traditional medicine  
Birding  
Nature walks at Irembezi Hill  
Forest walks

### KASYOHA-KITOMI FOREST RESERVE

Kasyoha-Kitomi Forest Reserve is situated at 35 kilometers from Bushenyi Town, South of Lake George and the Kazinga Channel covering a geographical area of over 433 square kilometers. The forest reserve has a number of mammal species such as several primate species like Chimpanzees (although they are not yet habituated), Blue monkeys, Red-tailed monkeys, Olive baboons, Vervet monkeys, Black and white Colobus monkeys, Red Colobus monkeys and L'Hoest's monkeys among others. It has several breathtaking Crater Lakes such as the Twin Lakes of Kamweru and Kyema, other Lakes include the temporary/transparent Lake Kamunzuku among others.

### Activities

3 hour forest trail  
Canoeing,  
Bird watching,  
Swimming in the Crater Lakes,  
Camping,  
Visit to the legendary close by cave,  
Fishing,  
Primate watching,  
Boat rides,  
Nature walks  
Sightseeing of the Twins Lakes

# ITINERARIES

## 5 DAY ADVENTURE SAFARI

### Introduction

Since these are challenge seeking clients, this trip will be filled with very many physically challenging activities for the clients some will be very easy others will be challenging to per take thus the adventure.

#### Trip summary

- Day 1.** Visit the Equator, Lake Mburo National park and Igongo Cultural Center.
- Day 2.** Visit Kisiizi waterfall, Kabale Museum and Lake Bunyonyi.
- Day 3.** Transfer to Kisoro, visit Lake Mulehe and lake Mutanda
- Day 4.** Visit Mountain Muhavura
- Day 5.** Travel Day

Best time. Any time of the year.  
Recommended Cloths. Warm jackets, sweaters and gloves for Kabale- Kisoro region, dull colors for the parks, shorts, long sleeves and hiking shoes for the mountains.

**DAY 1:** Visit the Equator, Lake Mburo National park and Igongo Cultural Center. From your starting point, the team set off at 8am, drives to Masaka

and has a stop at the Equator for the water bucket experiment at the yellow line that runs across the road to the monument as a representation of the imaginary line, a bathroom break, Photo moment and some snacks. The Equator point at Kayabwe is the best point in Uganda to explore the equator. It is located, in Mpigi District, 72 km along the Kampala Masaka highway. Prominent on the site are the two Equator monuments. Continue to Lake Mburo National park The Park is habitat to wildlife species not often seen in other Uganda parks, such as impala, zebra, eland and topi. Covering 370sq km, Lake Mburo National Park is the Country's smallest Park. It lies between the towns of Masaka and Mbarara. We shall go to our preferred lodge where we shall per take in cycling, hiking, jogging or horseback riding around the national park with the wildlife in close range, the clients can have lunch here then go to Igongo cultural center for a site visit, a tour of the museum and walk up to the Biharwe eclipse monument this is a great adventure for the thrill seeking clients. This place will also give our clients some rich history of the place, epic photo moments at the eclipse monument and also amazing views of Mbarara town. And spend the night in Mbarara town at our preferred lodge.

**DAY 2.** Visit Kisiizi waterfall, Kabale Museum and Lake Bunyonyi.

After breakfast, we visit Kisiizi Falls located in Rukungiri District for some activities. The falls drop approximately 30 meters off a cliff at Kisiizi. Historically the Falls are known as a tragic place where unmarried pregnant Bakiga girls were thrown to their deaths but now it's a beautiful site with a monument and a hiking trail. We shall have a stopover at Kabale Museum then continue to Lake Bunyonyi in Kabale district. This is Africa's second deepest lake with up to a maximum depth of 900m approximately 2953 feet. Bunyonyi in native language means small birds and harbors up to 200 bird species including Egrets, Grey crowned cranes among others.

A home to over 29 unique islands which include; Bushara Island, Akampene Island (Punishment Island), Bwama and Njuyerera, among others. On our drive watch out for the terraces on the hills which forms part of Uganda's beauty, you will also encounter some bird species and people's agricultural activities and Kabale town the land which referred to as the Switzerland of Africa because of being mountainous and cold.

Remember to select accommodation of your choice that is close to Lake Bunyonyi. After checking into our hotels, we shall have lunch and then proceed to lake Bunyonyi for a boat cruise which will enrich you with the 29 Island that make up the lake including the punishment Island which has the community attachment where girls who got pregnant before marriage were put to die. You will also see beautiful scenery on the lake, water birds, swamp oaters and remember to book your boat through your accommodation. We shall visit Lake bunyonyi Extreme adventure park where we shall part take in series of challenging rope games, have lunch and also do the zip line across the lake. Later go back to the hotel for dinner and an evening camp fire.

**DAY 3.** Transfer to Kisoro, visit Lake Mulehe and lake Mutanda. After breakfast, we go Kisoro and visit Lake Mulehe in Kisoro District. The lake is approximately 4.11 square kilometers wide. Lake Mulehe is in the southern sector of Bwindi Impenetrable National Park or Mgahinga Gorilla National Park. We shall take part in Spot fishing, swimming and boat canoeing around

Lake Mulehe with stunning views of the environment. Then we visit Lake Mutanda. The lake has 15 islands that are barely touched. Mummification Cave Island on Lake Mutanda the main burial place of the Bahinza. The bodies are mummified and preserved in bull-hides, never to decompose. It is believed that, these traditional rulers played many roles in society like, giving blessing like birth and managing spells i.e drought, magic in fighting and hunting weapons

**DAY 4.** Visit Mountain Muhavura  
Early in the morning after breakfast, we shall move with packed lunch up to Mountain Muhavura ranges with the highest point at 4127m. The weather of the day will determine how clear the

mountains will appear. Full day hiking of Mount Muhavura an example of extinct volcanic mountain in Uganda. You will also be advised to carry enough drinking water and first aid kit. After the long day in the mountains, we shall go back to our hotel for any early night in since the clients will be very exhausted

**DAY 5.** Travel Day  
Have breakfast at leisure and with our packed lunch, head back to Kampala through Mbarara road.

NB, This itinerary is very flexible and depending on your core passions and interest, your travel consultant can customize it to meet your desired outcome.

# 5 DAY CULTURAL ENCOUNTER

## Introduction

In a country of over 56 tribes, culture is a very rich aspect of the core of Uganda and in the southwestern part of Uganda we have the Bantu people dominated by the Ankole people who are cattle keepers and Banyakigezi people. This trip will bring you closer to their history, culture and ways of life.

### Trip summary

- Day 1.** Visit Nagalabi Buddo, Mpambire Drum Makers, Equator and Enyenyebwa cultural center.
- Day 2.** Have Cultural experiences, go to Igongo's Biharwe solar eclipse monument and if time allows, visit the Nkokonjeru Royal tombs and Nshenyi Cultural Village
- Day 3.** Visit Kisiizi falls, Kabale Museum and Lake Bunyoyi Punishment Island
- Day 4.** Visit Kigezi museum, Kisoro museum, Mummification Cave Island on Lake Mutanda and the Batwa living museum.
- Day 5.** Transfer back to Kampala with stopovers at craft villages.

Best time. Any time of the year.  
Recommended Cloths. Warm jackets, sweaters and gloves for Kabale- Kisoro region, dull colors for the parks, shorts and long sleeves. Can carry a wrap for the ladies to use on some sites around the waist down.

**Day1.** Visit Nagalabi Buddo, Mpambire Drum Makers, the Equator and Enyenyebwa cultural center. From your starting point in Kampala drive south on Masaka Road with a stopover at Nagalabi Buddo, which is situated on a hill top in Buddo Uganda; it's a place where the Kabakas of Buganda are crowned and it has been existing from the 14th century and its one of the best places tourists on cultural safaris to the country can visit and after go to Mpambire for Royal drum making experience. Here we encounter the significance of the drum in our community. The village is famous for its authentic and original traditional drum making experience. The village has various shops selling drums in different shapes, sizes and colors. Visitors can also engage in the drum making process and playing experience. Then we head to the Equator which is located, in Mpigi District, 72 km along the Kampala Masaka highway for the water bucket experiment at the yellow line that runs across the road to the monument as a representation of the

imaginary line. Prominent on the site are the two equator monuments. We shall spend the night at Enyenyebwa cultural center.

**Day2.** Have Cultural experiences, go to Igongo's Biharwe solar eclipse monument and if time allows, visit Nkokonjeru Royal tombs and Nshenyi Cultural Village. Enyenyebwa cultural center offers a full experience of the traditional Ankole culture. The visitor is taken through a practical demonstration of milk processes and other practices in the traditional demonstration house. They can also spend time in the field with the Ankole long horned herds. Since the milking is always done in the morning, the clients will wake up at 6am for the cattle milking and later have breakfast at the lodge. They will learn more about the Ankole Culture and later head to Igongo cultural center for lunch, a tour of the museum where we encounter the past and present information about the Kingdom and the cultures of the people in the region. If the tourists like, we shall go up to the Biharwe solar Eclipse monument and also learn about the history at that site while we take in the beauty of Mbarara city from a distance. If time allows, we shall visit the Nkokonjeru Royal tombs. This is where the bodies of some of the Kings like King Charles Godfrey Rutahaba Gashyonga II who died in 1982 and King Edward Solomon Kahaya II who died in 1944 are buried. Cultural rituals and ceremonies are usually performed on the site and later spend the night at Nshenyi Cultural Village which is in Ntungamo district.

**Day 3.** Visit Kisiizi falls, Kabale Museum and Lake Bunyoyi Punishment Island

After your early morning cultural breakfast, we shall drive to Kisiizi falls in Rukungiri District. The falls drop approximately 30 meters off a cliff at Kisiizi. Historically the Falls are known as a tragic place where unmarried pregnant Bakiga girls were thrown to their deaths. After having lunch in Kabale, we shall go for an afternoon tour of Kabale museum, this will expose you to all the tools used by the early people of the region more importantly the stretcher (engozzi) which was used as an Ambulance to evacuate pregnant mothers, the elderly, the sick to a place of safety in the Mountainous country side. We shall continue to Lake Bunyoyi. This is Africa's second deepest lake with up to a maximum depth of 900m approximately 2953 feet. This lake harbors up to 200 bird species including egrets, grey crowned cranes among others. A home to over 29 unique islands which include; Bushara Island, Akampene Island (Punishment Island) among others. We shall visit Akampene Island (Punishment Island); It was on this island where the Bakiga used to dump unmarried pregnant girls so as they could die of hunger or while swimming to the mainland. Poor men without bride price used to come to this island and pick girls to marry. We shall check into one of the beautiful lodges overlooking the lake and have a camp fire in the night after dinner.

**Day 4.** Visit Kigezi museum, Kisoro museum, Mummification Cave Island on Lake Mutanda and the Batwa living museum. After your nice breakfast, we shall visit Kigezi museum sometimes known as Home of Kigezi. This is a community-run museum of living culture and natural history of the banyakigezi

people of South Western Uganda. Located at Nyiragakoro-Nyakabande along Kabale Kisoro road, 5km before Kisoro town, it is suited in dense natural environment of vegetation with houses that house the museum and outside area demonstrating the lifestyle of the Banyakigezi people. We shall also visit Kisoro Museum and later proceed to Mummification Cave Island on Lake Mutanda the Island is called 'Ichangushu', the main burial place of the Bahinza. The bodies are mummified and preserved in bull-hides, never to decompose. It is believed that, these traditional rulers played many roles in society like, giving blessing like birth and managing spells i.e drought, magic in fighting and hunting weapons. After lunch, we shall head to the Batwa living museum. At the museum visitors are

able to undergo the Batwa culture experienced firsthand in one place and be sensitized about the Batwa society and culture with the purpose of preserving their way of life. The site offers Batwa cultural experience through music, dance, drama and art crafts. The facility also houses a craft shop for Batwa trademark materials. We shall check into our amazing lodge and rest of the night.

**Day 5.** Transfer back to Kampala with stopovers at craft villages. Transfer to Kampala with nice cultural memories accompanied with shopping stopovers for crafts of choice NB, This itinerary is very flexible and depending on your core passions and interest, your travel consultant can customize it to meet your desired outcome.

## 5 DAY PRIMATE SAFARI

### Introduction

The primate species of wildlife are held close to our hearts for they have so much physical resembles with the human being and also have very similar ways of life. They are all found in tropical forests thus the aspect of tracking. Many tourists find the primate safari as the most life changing for the golden monkeys, chimpanzee and gorilla tracking activities are phenomenal experiences.

### Trip summary

- Day 1.** Visit Mpanga forest and transfer to Kyambura gorge
- Day 2.** Track chimpanzees, visit Maramagombo and transfer to Bwindi
- Day 3.** Gorilla tracking and transfer to Mugahinga National park
- Day 4.** Golden monkey tracking

After we shall proceed to the Equator for the water bucket experiment at the yellow line that runs across the road to the monument as a representation of the imaginary line. It is located, in Mpigi District, 72 km along the Kampala Masaka highway. We transfer to Kyambura forest reserve near Kasese and check into our lodge for the night.

**DAY 2.** Track chimpanzees, visit Maramagombo and transfer to Bwindi. After breakfast, we set off for Chimp Tracking in the Kyambura Gorge

where one can track chimpanzees in their natural environment. We shall also get the opportunity to learn about the ecosystems of Kyambura Gorge's atmospheric "underground" rainforest, including vegetation types, bird identification and behavior and chimp and monkey ecology. Although chimp sightings are not guaranteed, visitors stand a pretty good chance of hearing and seeing them habituated. Tours last between one and three hours and start at 8am and 2pm daily. After lunch, we transfer to Bwindi with a stopover at Maramagambo Forest, found in the district of Bushenyi in Uganda. It is part of Queen Elizabeth National Park and one of the largest forests in East Africa. Maramagambo forest is home to chimpanzees, elephants, bush pigs, pythons, bats

and the rare Bates's pygmy and antelopes. On reaching Buhoma in Bwindi Impenetrable forest, which was designated as a UNESCO heritage site and it provides habitat to 120 species of mammals, 348 bird species, 1000 flowering plants, 163 species of trees and 104 species of ferns. This is home to the largest number of Mountain gorillas. We shall check into our Lodge for the night.

**DAY 3.** Gorilla tracking and transfer to Mugahinga National park After an early morning breakfast, with your packed lunch and some water, we head to the sector of Gorilla tracking according to your permit. You are advised to be at the briefing center at 7:30am to verify your permit and receive enough briefing about the activity by Uganda Wildlife Authority guide rangers.

At any of the sites selected there are always porters who can carry your bags during tracking experience at a fee.

You will be close to the Mountain Gorillas one of our cousins; you will be advised to the guidelines offered at the site because they are endangered. Kindly remember to carry charged cameras, rain proof clothes, hiking shoes or boots to match with the terrain, on this day you will carry a packed lunch and enough drinking water. Your guide will brief you more about it.

This is a life time experience and you will graduate with certificates from this world heritage site. When you are tracking experience is done early, the clients will transfer to Mugahinga there is an optional activity to visit the Batwa of Uganda where you can encounter the first life experience while they were living in the forest and the present day life. They take you through their unique songs and performance on how they lived near Gorillas and other mammals. More importantly is their way of making fire using friction. This activity is done at a fee. There are curio shops for Batwa and other people of the community near these areas this would be good for anyone interested in shopping and supporting the community.

**DAY 4.** Golden monkey tracking After your morning breakfast we shall set off to the starting point,

where we shall go to track the rare golden monkeys and gorillas in Mugahinga National park which has got the most striking features and its conical, extinct volcanoes that are part of the spectacular Virunga Range which lies along the border region of Uganda, Congo and Rwanda. The national park also forms part of the much larger Virunga Conservation area.

**DAY 5.** Transfer back to Kampala with lunch at Igongo Cultural center After having breakfast, at leisure you can set off to Kampala using Mbarara road and stop over at Igongo cultural center for lunch and also have a photo moment at the equator then reach Kampala and check into their hotel with the best memories.

NB, This itinerary is very flexible and depending on your core passions and interest, your travel consultant can customize it to meet your desired outcome.

# 5 DAY FUN ROAD TRIP

## Introduction

This is a fun filled trip to the south western part of Uganda and it includes lots of stops overs along the way for site visits, photo moments and enjoying the variety of foods.

### Trip summary

- Day 1.** Visit the Equator, Lake Mburo, Igongo cultural center
  - Day 2.** Visit Kisizi waterfalls and proceed to Lake Bunyonyi
  - Day 3.** Visit Kisizi waterfalls and proceed to Lake Bunyonyi
  - Day 4.** Transfer to Queen Elizabeth national park (290km)
  - Day 5.** Have a morning game drive on your way back to Kampala. Best time. Any time of the year.  
Recommended Cloths. Warm jackets, sweaters and gloves for Kabale-Kisoro region, dull colors for the National parks, shorts and long sleeves.
- Day 1.** Visit the Equator, Lake Mburo, Igongo cultural center  
This trip is all about fun and the

team will set off for Masaka at 9am after doing some shopping at the mall, along the way, we shall have a stop at the Equator for the water bucket experiment at the yellow line that runs across the road to the monument as a representation of the imaginary line, a photo moment, bathroom break and some snacks. Then continue through akageti Mbarara road to Lake Mburo National park for a boat cruise and have lunch at their preferred lodge. Later in the afternoon, the team proceeds to Igongo Cultural Center for a site visit, a tour of the museum and walk up to the Biharwe solar eclipse monument. This place will also give our clients some physical exercise as they walk up the hill, rich history of the place, epic photo moments at the eclipse monument and also amazing views of Mbarara city. After this activity, our clients will check into their hotel and prepare for Mbarara by night where they will check out different clubs, lounges and restaurants

**Day 2.** Visit Kisizi waterfalls and proceed to Lake Bunyonyi  
After breakfast, as you drive to Kabale, you can visit Nkokonjeru

royal Tombs or Kamukuzi Hill Royal Palace and proceed to Kisiizi falls located in Rukungiri District of Western Uganda for some activities. The falls drop approximately 30 meters off a cliff at Kisiizi on the Rushoma River. Historically the Falls are known as a tragic place where unmarried pregnant Bakiga girls were thrown to their deaths. But now it's a beautiful site for taking photos and a small hike up to the falls. We shall have lunch after wards and proceed to Lake Bunyonyi, this is Africa's second deepest lake with up to a maximum depth of 900m approximately 2953 feet. Bunyonyi in native language means small birds and harbors up to 200 bird species including egrets, grey crowned cranes among others. A home to over 29 unique islands which include; Bushara Island, Akampene Island (Punishment Island), Kahugye Island, Bwama and Njuyerera, among others. You will have a boat cruise that will expose you to the 29 islands that make up Lake Bunyonyi more especially the punishment island. There will be good views for photography and nice water birds. You could also do some adventure sports like zip lining on the lake from the extreme adventure park on Lake Bunyonyi. Remember to have warm clothes as the area is cold. After this we shall check into our hotel by the lake, take some amazing photos of the lake and prepare for a camp

fire later on in the night after dinner or Kisoro by night to check out the clubs and bars around the area

**Day 3.** Visit Kisizi waterfalls and proceed to Lake Bunyonyi  
You will have an early breakfast and as you transfer to Kisoro, you will visit the churchill view point, Kisoro Museum and later go to Lake Mutanda This beautiful fresh water lake is located in the mountainous landscape north of Kisoro near Bwindi Impenetrable Forest. The lake has 15 islands that are barely touched. The biggest island, named after the lake, is Mutanda Island. From the lake you can get views of the Virunga volcanoes and papyrus swamp. The clients will take part in canoeing and bird watching of Pin-tailed Whydah, Great Cormorant, Pied & Malachite Kingfishers, & sunbirds. We shall also visit the Mummification Cave Island on Lake Mutanda which was the main burial place of the Bahinza. After lunch, visit Lake Chahafi and enjoy with breathtaking scenic views. Lake Chahafi is about just 20km from Mountain Muhavura, Mgahinga and Sabinyo and less than 20km from the Mgahinga Gorilla. Spend a night at the lodge around the Lake and enjoy the camp fire.

**Day 4.** Transfer to Queen Elizabeth national park (290km)  
After the early morning breakfast, at exactly 7am, we shall transfer

to Queen Elizabeth National park where we shall check into our preferred lodge around the northern side of the park, have lunch and later head out for an evening boat cruise on MV Kazinga while watching wildlife and the sun setting in the horizons, the cruise lasts two hours and runs three or four times a day. This gives the visitor the chance to cruise just meters from hundreds of enormous hippos and buffalos while elephants linger on the shoreline. An average of 60 bird species can be spotted during the trip. On this cruise we shall have some amazing photo moments, sight of the wildlife on the water

and an incredible sunset along the Kazinga channel. We shall enjoy the lodge's night life around the camp fire. Sing and dance the night away.

**Day 5.** Have a morning game drive on your way back to Kampala. We shall have our last breakfast and packed lunch then head out for an early morning game drive and transfer back to Kampala.

NB, This itinerary is very flexible and depending on your core passions and interest, your travel consultant can customize it to meet your desired outcome.

## 5 DAY WILD LIFE SAFARI ITINERARY FOR THE SOUTH WESTERN UGANDA

### Introduction

The tourism industry in Uganda is mainly nature based and in the south western region of the country, you are bound to find some of the best national parks with a vast range of wildlife species both birds and animals. On this trail, you will also have a chance to visit our amazing mountain gorillas which are only found in 3 countries around the world. We are going to notice great change in the landscape as we go further to the south west of the country.

### Trip summary

- Day 1** Transfer to Lake Mburo National park with a stopover at the Equator
- Day 2** Transfer to Queen Elizabeth National Park
- Day 3** Have a game drive, visit Kyambura gorge and transfer to Bwindi.
- Day 4** Bwindi Impenatibile forest
- Day 5** We transfer back to Kampala. Best time. Any time of the year but especially between November and March

### Recommended Cloths.

Warm jackets, sweaters, hiking shoes and gloves for Kabale- Kisoro region, light cloths the parks, shorts and long sleeves.

**DAY 1.** Transfer to Lake Mburo National park with a stopover at the Equator

From the starting point in Kampala you drive on Masaka road to the Equator point for the water bucket experiment, photography and bath room break. It's a good place for coffee, eats and curio shopping and toilet break. Then we shall go to Lake Mburo National Park which is a gem of a park. Though the park is just 370sq km in size, its landscapes are varied and even a short drive is alive with interest and color. You will pass gallery forests, open savannah and acacia woodland, rocky kopjes, seasonal and permanent swamps, and open water as you search for the wealth of wildlife they support like Zebras, Impalas, waterbucks, bushbuck, and many others. We shall go for a game drive as we head to our lodge for lunch and later have a boat cruise on Lake Mburo

or go for horseback riding around the park with the support of a paid UWA ranger for security. And later head back to our lodge for dinner and a camp fire.

**Day 2.** Transfer to Queen Elizabeth National Park

After the early breakfast, you transfer to Queen Elizabeth national park which boasts the highest biodiversity ratings of any game reserve in the world. This is evidenced by the presence of open savannah, rainforest, dense papyrus swamps and brooding crater lakes, and the vast Lake Edward. Queen Elizabeth national park has almost 100 mammal species and a remarkable 612 bird species hence making it a superb safari territory, with elephant, a profusion of hippos, the elusive giant forest hog and handsome Uganda Kob all regularly sighted around the tourist village on the Mweya Peninsula - which also boasts a marvelous waterfront setting in the shadow of the Rwenzori Mountains. We shall get to the park just in time for lunch and check into our preferred lodge where we shall have lunch rest a bit and at 1.30pm, we shall

set off for an exotic and exciting launch trip on the Kazinga Channel. The launch trip is one of the most exciting water activities in Uganda. The Kazinga channel is a narrow neck of water that connects Lakes George and Edward, with excellent photographic opportunities for waterside birds and abundant Hippopotamus, huge families of buffalos, and elephants. And you are likely to encounter some bird species as well. You will enjoy a beautiful sunset along the lake on your way back. Have dinner and a camp fire.

**Day 3.** Have a game drive, visit Kyambura gorge and transfer to Bwindi.

After having breakfast, we shall drive south of Queen Elizabeth National park and it can be a self-guided game drive only if you know the tracks in the park. Otherwise you can pay for a trained guide ranger from UWA at any entrance point. This game drive gives high chances of sighting Zebras, Impalas, water Bucks, BushBucks, the big four (Lions, Buffalos, Elephants, Leopards) and more kobs. Because Queen Elizabeth is gifted by nature,

we shall proceed to Kyambura and Kicwamba to view crater lakes you will also visit the twin lakes and lake Rutoto which is shaped in the map of Africa. Plan your lunch and visit Kyambura gorge for afternoon Chimpanzee tracking experience. While in this area look out for the great views of Mt. Rwenzori the mounts of the moon. After this we shall have to drive to Buhoma where we shall check into our lodge have dinner and prepare for the long day ahead.

**Day 4.** Bwindi Impenatibile Forest

After having breakfast with packed lunch and water in hand, we shall assemble at the park offices for the briefing prior to this historic event. Gorilla tracking is a very captivating activity; it might take 1-8 hours which involves walking in the wilderness in search of these gentle giants. Gorilla Tracking can be a challenging activity, therefore ensure physical fitness. Eight people are permitted per group per day. On occasions the Gorillas prove elusive but often can be found within an hour by the tracker guides. It is a wonderful experience

to stare in to the eyes of these gentle giants; watch them in awe as they play and go about their daily activities. Gorilla Tracking is indeed a "once in a lifetime" experience that you must never miss. Each encounter with the gorillas is different and has its own rewards, but you are likely to enjoy the close view of adults feeding, grooming and resting as the youngsters frolic and swing from vines in a delightfully playful display. We shall head to the ranger post for the start of our gorilla tracking. The tracking experiences has so far the most sought after tourism product we have in the country thus the need to embark on it

**Day 5.** We transfer back to Kampala

After breakfast drive back to Kampala with some stop overs for lunch and crafts shopping the best memories.

NB, This itinerary is very flexible and depending on your core passions and interest, your travel consultant can customize it to meet your desired outcome.

# LISTINGS

## RESTUARANT IN SOUTH WESTERN UGANDA

### MASAKA

#### AMBIANCE DISCO DECQUE

It's a great happening place for those who would like to indulge into night life when in Masaka town. Located on BroadWay Rd, Masaka Uganda.  
Tel:+256 756 603761

#### GATORS CAFÉ (STOP OVER)

Located at Jalia City Buyaya, along Masaka Road  
Opens from Monday-Sunday:6am-10pm  
Email: info@gators.cafe

Meeting the artisans  
Safari  
Karungi Projects  
Community walks  
Visit Lake Bunyonyi And Lake Mutanda  
Visit Mt. Nyirangongo, Congo  
Karungi Projects  
Karungi Camp's aim is to make as many small impacts in the community as possible. They intend to start with a few little projects, and have one or two of the neighbor's getting on board and join in. Hoping the effects will slowly ripple outward. The long term goal is to be a 'demonstration' lodge where locals can learn new techniques or see first-hand, that it is possible to

have delicious chicken meat from the local chicken variety or grow tomatoes without having to spray them.

## WAGTAIL ECO SAFARI CAMP

**Activities**

Chimpanzee tracking at Kyambura Gorge Lodge and Kalinzu Forest.  
 Game drives in Queen Elizabeth National Park.  
 Tree climbing lions.  
 Kazinga Channel Boat Cruise.  
 Hike the Ruwenzori Mountains.  
 Visit the Kyambura Coffee Processing and Café.

**Kyambura Gorge Eco-Tourism Project**

The Kyambura Gorge Eco-tourism Project. The lodge operates the Kyambura Gorge Eco-tourism Project and in 2009 started new activities to safeguard the Kyambura Gorge ecosystem. The Volcanoes Safaris and Volcanoes Safaris Partnership Trust is the single largest stakeholders in the Gorge

ecosystem after the Ugandan Wildlife Authority. Without the intervention of VS and VSPT, the survival of the gorge and chimps would be under severe threat. Through activities and the strategic assembling of four adjoining sites next to the Gorge over the last ten years, the VSPT helps to link Kyambura Gorge Lodge to the local community and promotes sustainable eco-tourism and conservation in one of the most important areas for avian, primate and wildlife biodiversity in Africa. Initiatives include not only those listed below but also a series of smaller projects with the local schools, teaching them of the benefits of tourism and the natural value of the wildlife diversity in the area.

**The Activities Include**

Kyambura Gorge Buffer  
 Chimpanzee Naming Ceremony  
 Kyambura Women’s Coffee Cooperative  
 Kyambura Dance Group  
 Kyambura Community Café  
 Kyambura Community Playground  
 Rusty Roof Exchange  
 Bee-Keeping Training and Fences  
 Tree Nursery and Reforestation Project  
 Kyambura Wetland Restoration

**Simba Safari Camp**

(low end) (70 beds including family cottages, twin rooms and dormitories).

## UGANDA SAFARI GUIDES ASSOCIATION (USAGA)

The Uganda Safari Guides Association (USAGA) was formed in 2000 by tour guides and specialists of tourism sub-activities such as birding, butterflies, reptiles, and cultural tourism, to provide a platform to increase their visibility and recognition as key actors in the tourism industry. USAGA was formally registered as a company limited by guarantee on 14th May 2004, and has since grown in membership and is recognized as the umbrella association of all tour guides and associated clubs in Uganda. USAGA's organizational structure is governed by the General Assembly whose authority is delegated to the Executive Committee and operationalized through a secretariat based in Kampala. USAGA membership includes ordinary, corporate and associate members, and with 600 individuals currently registered as ordinary members.

admin@ugasaf.org Location: Capital Shoppers Nakawa 2nd Floor, Room 17 Phone: +256 786 401 191 Mobile: +256 782 919 838 Mobile: +256 777 912 938.

### PRACTICAL INFORMATION

- Western Uganda is best visited during the drier months of June to August and December to February, when it's easiest to go gorilla trekking

in hilly Bwindi and the wildlife viewing in the parks is at its prime. Travelling during the rainy low season months of March to May and September to November does have its budget-friendly benefits though – you'll get cheaper room rates at hotels and lodges and it is possible to get discounted gorilla trekking permits, but be prepared for muddy roads, torrential downpours, challenging hiking and low visibility for wildlife.

- If you want to go gorilla trekking, you need to book your permit several months in advance through the Uganda Wildlife Authority or through a tour operator, as there's a limited number of permits that sold every day and during the most popular months for trekking (June to August) the permits can sell out five months in advance. For chimpanzee habituation experiences it's best to book around three months in advance.

**Market share of petroleum products marketing companies in Uganda, these are some of the companies you will get to fuel your transport means while touring the South western Part of Uganda.**

RANK	OIL COMPANY	PERCENTAGE
1	Vivo Energy	22.7
2	Total M&S Uganda	19.6
3	Oryx, Kobil and Mogas	9.0
4	Independent oil marketers	49.0

**Uganda Tourism Police Force Unit; This has well over 1000 fully trained personnel aiding in protecting of tourists and visitors to Uganda. Thus, both local and international Tourists. They are found at most Tourist sites including hotels and lodges thought Uganda. You can reach them on:**

## TRANSPORT

### Taxis, busses and other transport in Uganda

The main vehicles of the public transport in Uganda are small mini busses, which are called here "taxis". In contrast to our taxis these are approved for 14 people and low priced. Nationwide they are distinguished by their blue chequered markings.

### How does it work?

These taxis are driving on fixed routes, mainly through the cities and from their centres to the suburbs. It is not that easy to tell which taxi goes where, so it is best always to ask. All the gandans are really friendly and they will help you.

You can flag them down everywhere and you can get off everywhere. The payment is done after the ride. the amount depends on the distance. When you drive far out of Kampala

you don't pay more than a few Euros. You pay when you alight the co-driver at the rear door. Always carry enough small change with you. Advice: When you first use a taxi, take somebody with you who knows how it works. After this test you will see how easy it is.

Its not always comfortable to use taxis in Uganda. Sitting with 14 people in a small car, in the middle of a traffic jam with 30° outside - there are better things in the world. If you want to avoid such a situation, using a special hire is the better choice.

### The last few kilometers with boda boda

In addition there are the so called "boda bodas", either as motorbikes or bicycles. That means that you are the pillion rider. The boda bodas are used for the destinations off the main roads, instead of walking home some kilometers from where the taxi stops. Within Kampala the main advantage of boda bodas is that you save time during rush hours. You reach your target by boda boda quickly, while all others have to wait in the traffic jam. Boda bodas are very cheap. For a distance of some few kilometers you pay only 50 cent. However, their use is not without hazard in the bustle of the streets. Because there is no helmet you could use, and you cannot be sure if the driver knows anything about "safe driving".

### White man on a boda boda?

Often the Ugandans wonder about white tourist on a boda boda. From their perspective every tourist is

"rich". Therefore white people could afford an own car, or at least could afford a "special hire". If you don't feel uncomfortable when people on the street wonder about you, then you can save a lot of kilometers on your feet.

### Special hire: more comfortable, still cheap

A "special hire" in Uganda is that, what we would call a "taxi" in Europe: A standard vehicle for 4 persons + driver, who drives you wherever you want. This works very well, and the drivers are friendly, helpful and they know one's way around.

The fee does not depend on the distance or the duration, but its negotiated before you start. Of course as a tourist you always pay a little bit more than a Ugandan. But nevertheless you can drive through whole Kampala for not more than 5 Euro - some insider tips from the driver inclusive, and sometimes air conditioned!

When you walk through Kampala by feet, the drivers of "special hire" and "boa boda" permanently make you offers to use their vehicle. This is always meant kindly and friendly, even the hundredth offer. Therefore you should also be friendly when you refuse this offer.

### Travelling by bus in Uganda

All cities in Uganda are linked by bus. The bigger coaches are preferable compared to the smaller shared taxis regarding security and comfort. Especially recommended are the post coaches, for which you can obtain

tickets at every post office. Departure is normally at the post office as well. To travel by bus is in general cheap. On average you pay 1-2 Euros per 100 km. It is best to buy your ticket the day before departure.

There are also international connections, for example to Nairobi (Kenia) or Kigali (Ruanda). Details, addresses and fares you can establish through known travel guides for Uganda or locally.

### Shopping in South Western Uganda

In the capital Kampala you actually can get everything what you are used to at home. There are a few western style shopping centers (e.g. Garden City Shopping Mall, Quality Hill Shopping Mall, Shoprite Checkers). There are big shopping malls in other cities as well, especially South Western Uganda in particular, Partly you will encounter the same brands and products which you find in the shelves at home.

Recommended are the countless small local supermarkets, where you can purchase regional products at cheaper prices. You will find these shops in a lot of towns.

Tempting is also the numerous streets stands of local people offering fruits, herbs, nuts and the huge choice and freshness especially of the tropical fruits beats every supermarket at home! Pineapples, bananas, mangos, papayas, oranges and a lot more you can get here in excellent quality for a few cents.

Be careful with meat and fish, because the hygienic standards often leave a lot to be desired.

## HEALTH SERVICES

1. Kabale Regional Referral Hospital, commonly known as Kabale Hospital, is a hospital in the town of Kabale in Kabale District, in south-western Uganda. It is the referral hospital for the districts of Kabale, Kanungu, Kisoro and Rukungiri.
2. Mbarara Regional Referral Hospital, commonly known as Mbarara Hospital, is a hospital in Mbarara in the Western Region of Uganda. It is the referral hospital for the region and specifically for the districts of Mbarara, Bushenyi, Ntungamo, Kiruhura, Ibanda, and Isingiro.
